

River View wines are vintaged from high quality grapes from our family owned single vineyard in Goulburn Valley, Central Victoria, an area that has been producing quality wines for over 150 years. The headwaters of the Goulburn River rise in the Victorian Alps, making it the longest river in Victoria at 654 kms. Our vineyard features 6kms of Goulburn River frontage hence the name 'River View'.

River View wines are made using traditional and modern wine making methods sourcing low yield, sustainably grown high-quality vines and selected grapes producing a premium range of wines. Fresh and fruit driven that can be enjoyed on their own or with food for those who appreciate quality.
